

ADPhone offers PC to Phone calling. They give you the first 2 minutes free, up to a total of 30 minutes per day. You cannot call the same number for free more than once every 10 minutes. You can make free calls to over 40 countries. Call quality is above average with a high speed (Cable/DSL) internet connection. you need to download a free software from their sit to make calls.

Calling Landline Phone Numbers

Every day, we give 30 Minutes Free to each of users*.

The 30 minutes can be used for calls to landline phones i these selected countries.

If you want to talk longer than the 30 minutes they give you, you must add talktime to your account.
